THE CANADIAN ENGINEER
METAL TRADES JOURNAL & ELECTRICAL SCIENCE REVIEW

Published in the Interests of the Civil, Mechanical, Electrical, Locomotive, Stationary, Marine, Mining and Sanitary Engineer; the Machinist and Founder, the Manufacturer and Contractor.

THE CANADIAN ENGINEER has been enlarged four times since its establishment and stands to-day unrivalled among Canadian trade papers for the wide distribution and character of its circulation. Its subscription list is a bona fide paid one (the only free copies being to advertisers and contributors), and it is the only paper which reaches both the men who own the industrial and engineering establishments of Canada, and the men who operate them. Our books and mail sheets are always open for the inspection of advertisers.

The issues for the month of August in the past five years shows the steady increase in the circulation:—

August,	**1895**	**2,200**
"	**1896**	**3,450**
"	**1897**	**4,400**

. . Canada's Leading Engraving House . .

OUR ENGRAVINGS

are being put constantly in competition with those of the best and largest engraving houses on the Continent.

OUR TRADE IS STEADILY INCREASING

Canadian manufacturers find that they can not only get engravings which are equal to the best, but they are saved the bother of the Custom House, and annoying delays.

From Wash Drawing—made by our Artist

We make illustrations for all kinds of work and for any kind of paper.

Half-Tone Engraving, Zinc Etching, Wood Engraving, Designing a Specialty.

Brilliancy — Tone — Printing Quality equal to the best in the world.

Prompt attention given to mail and telegraphic orders.

CENTRAL FIRE STATION,
HAMILTON, ONT., April 9, 1888.
ROBT. McLEAN, Secretary,
Fire Underwriters' Ass'n, Toronto.

DEAR SIR, – Replying to yours of 4th regarding Chemical Engine. Since it was put in commission we have had 7 fires, and 6 of these were extinguished by the Chemical alone.

I regard the Chemical as one of the first requisites of any Fire Department. No town should be without them. I would rather do without one of our Hose Companies than see our Chemical Engine go out of service.

Yours respectfully,
A. W. AITCHISON,
Chief Engineer Fire Dept.

FIRE DEPARTMENT,
TORONTO, March 15, 1898.

THOS. DOWNS, ESQ., Toronto.

DEAR SIR, – In regard to your Chemical Engines, I desire to say that about 50 per cent. of our fires are extinguished by them, and from practical experience I consider them a valuable addition to any Fire Department.

We now have three double 60 gallon Engines and one single 80 gallon Engine, also 23 hand Chemical Fire Extinguishers.

Your Chemical Engine has been in use in our department since 1885, and I don't consider any City Departn ent properly equipped without them.

Yours truly,
THOS. GRAHAM,
Chief, Fire Dept.

THOS. DOWN.

DEAR SIR,—In regard to your Chemical Engine, it has filled all requirements at all fires we have had. Has saved from damage by water stocks of merchandise where we have to throw large streams if we had not the Chemical Engine.

We have had the Chemical Engine about 5 years, and it is still in good order, no repairs during the time, and always ready for instant service.

I can heartily recommend it to any town, and think no town should be without one, as it will pay for itself in a short time.

Yours respectfully,
JOHN ROBINSON,
Chief, Fire Dept.

THE SPRAMOTOR

Has been awarded over 100 Gold Medals and First Awards, and First Place at the Government Spraying Contest.

A CONTEST of this character under judges appointed by the British Government, being both thorough and practical, has done much in the interests of the users of this kind of appliances, by preventing them buying poor, cheap, and hardworking apparatus, which has done more to discourage the practice of spraying than all other causes combined.

JUDGES' OFFICIAL AWARD.

This is to certify that at the Contest of Spraying Apparatus held at Grimsby, under the auspices of the Board of Control of the Fruit Experimental Station of Ontario, in which there were eleven contestants, the Spramotor, made by the Spramotor Co., of London, Ont., was awarded First Place.

THE GRAND HOTEL,

YARMOUTH, NOVA SCOTIA.

One Hundred Rooms.
American Plan.
Moderate Rates.
Special Prices by the Week or Season.

The "Grand" is a new brick and freestone hotel of the first class, built in 1893-94, and first opened to the public July 2, 1894. The House was built and furnished with especial reference to the demands of modern tourist and business travel, and will be found to be a model of quiet comfort, elegance and convenience. It is heated by the hot-water system and open grates, and lighted by the incandescent electric light. There are a number of very pleasantly situated suites of rooms, with private parlor, hall, and bath connecting, that would afford luxurious accommodation to small family parties. The house is situated on Main Street, opposite the Park, and commands from the windows and roof an unsurpassed view of the town, the harbor, the Milton lakes, and the Bay of Fundy.

The Cuisine is under the charge of an experienced and accomplished Chef, and the Bills of Fare provided by him are not surpassed, either in variety or quality, in the best hotels in the Dominion. The dining-room is a large, airy and exceedingly pleasant room, and the table service excellent. This last feature has received the highest praise from the guests of the house.

Circulars containing full information may be obtained, and rooms secured in advance, on application to the Manager.

L. E. BAKER, President. F. C. WILSON, Manager. A. W. EAKINS, Sec.-Treas.

THE RUSSELL
is not only the largest and best appointed Hostelry west of Canada's metropolis, but that its location makes it particularly convenient for the transaction of Departmental or other business, or as a base for excursions into the picturesque country surrounding Ottawa.

For a SUMMER SOJOURN Its situation is admirable, while a private entrance to Ottawa's newest and finest Theatre adds another feature to its attractiveness as a **Cosy Winter Home.**
